

Fourth Nuclear Blast Is Fired In South Pacific

WASHINGTON (AP) — The United States has fired the fourth nuclear blast of its Pacific series and tuned its antennas for the expected start of more Soviet tests.

Administration officials said a new Soviet round of nuclear blasts could come at almost any minute. These officials said U.S. detection stations have been alerted to watch for the tests, which Soviet Premier Khrushchev said Russia would set off if the United States resumed testing in the atmosphere.

The fourth shot in the U.S. series was announced Friday by the Atomic Energy Commission and the Defense Department. The brief statement merely said this of the device:

It was dropped from a plane near Christmas Island, as were the other three in the series, which began April 2. It was in the intermediate yield range of 100,000 to 500,000 tons of TNT, like the first and second shot—the third explosion was in the million-ton range—and it took place at 2 p.m. EST.

The U.S. Information Agency reports that so far reaction abroad to the U.S. tests could be summed up as "generally mild with showers and occasional thunderstorms."

Based on a survey of foreign press comment, the USIA said that "beyond the general health hazard, the most overriding fear was the specter of a never-ending nuclear arms race leading to a world disaster."

"The most critical comments came from Africa, Syria, Iraq, India, and the United Arab Republic," the statement said. "Strong moral support for the U.S. action came in comment from Western Europe, Latin America, the CENTO-NATO countries of the Near and Middle East, Israel, Thailand, Taiwan, the Philippines and South Korea. The Japanese press—in marked contrast to current leftist-led demonstrations—continued to take a balanced approach to the question of U.S. tests."

Green Light to Civilian Space Project

By GEOFFREY GOULD

WASHINGTON (AP) — The House has given a green light for a private, profit-making corporation to run the nation's future worldwide space satellite communications network.

The 354-9 vote by which the House approved the bill Thursday reflected the strong bipartisan support it commanded. Since this compromise version was worked out in a Senate committee, something very close to what the House passed is likely to sail through the Senate.

Even as the House was voting the Air Force announced it recently sent a television picture from California to Massachusetts, using the aging Echo I balloon satellite as a relay point 1,000 miles in space. The picture was fuzzy but readily recognizable. Rep. Oren Harris, D-Ark., announced the achievement on the House floor.

A few House liberals tried to change the bill, contending it is too favorable to existing communications companies, such as the American Telephone & Telegraph Co.

The bill provides for stock in the satellite corporation to be split 50-50 between the communications companies and the general public, which could buy in at \$100 a share.

A key part of the bill directs the Federal Communications Commission to encourage existing companies to build their own ground receiving stations to utilize the satellite network.

The communications industry originally favored limiting ownership of the system to themselves. The Kennedy administration favored sale of stock in the corporation to the public.

Weather

Total 1962 precipitation through April 17.85 inches; during the same period a year ago, 16.26 in. ls.

Clear to partly cloudy and continued warm today and Sunday. Scattered showers Sunday afternoon. High Saturday 80-88. Low 56 to 61.

COSMONAUT AT WHITE HOUSE — PRESIDENT KENNEDY welcomes Soviet cosmonaut Gherman Titov to the White House. U. S. astronaut John H. Glenn, left, had escorted Titov on a tour of Washington. The White House was the climax of his visit to the nation's capital. — NEA Telephoto

Forest Queen Donna Axum

Miss Donna Axum

Forest Queen Donna Axum, will be the guest of KXAR Radio Monday when the station celebrates its 15th anniversary here in Hope.

Donna, Arkansas' reigning Forest Queen is a 20-year-old, ash-blond from El Dorado.

Queen Donna, will be a junior at the University of Arkansas where she is majoring in secondary education, speech and voice when she returns to school in the fall of 1962.

As Forest Queen, she is spending the year traveling and appearing before all types of groups and organizations, promoting wise use of our natural resources.

Queen Donna, is a member of Tri-Delta Sorority, Association of Women Students and Baptist Student Union.

Her hobbies include modeling and painting, and her special talents are singing and piano.

Since September 1, last year, when she was chosen Forest Queen she has made over 100 appearances and still has thousands of miles to travel before she relinquishes her title.

Confederate General's Widow Dies

MILLEDGEVILLE, Ga. (AP)—

Helen Dorthea Longstreet, widow of Confederate Gen. James Longstreet, fighter for things in which she believed, Southern beauty and World War II airplane factory worker, is dead at 99.

She had hoped to reach 100 but the end came quietly Thursday in Milledgeville State Hospital.

Mrs. Longstreet never liked to talk about her age, but her niece and only survivor, Mrs. R. H. Rumph of Atlanta, said she was born in Carnesville, Ga., April 20, 1863.

In failing health for 10 years, she entered the state mental hospital in 1957. Doctors described her case as mild and said she seemed perfectly happy.

Mrs. Longstreet attended Breman College at Gainesville, Ga., and there met Longstreet's daughter by his first wife, Marie Louise Garland who died in 1889.

On Sept. 8, 1897, she married Longstreet at the old governor's mansion in Atlanta. He was 76 and she 34.

Her greatest fight was a battle to clear her husband "of any accusation wrongfully made against him; that he failed to carry out Lee's orders at Gettysburg." She contended he had been cautious, nothing more.

Some Facts on Business in Arkansas

By JOHN R. JUTTON
Associated Press Staff Writer

New York's Madison Avenue is considered by many the "idea center" of the world.

But 1,000 future Arkansas business leaders have their own mecca in the state branch of Future Business Leaders of America.

This down to earth organization is geared primarily toward aiding potential Arkansas business men and women achieve an ability to communicate themselves.

Headed by Fred Basco, assistant professor of business at Arkansas State Teachers College in Conway, the FBLA counsels its members toward developing themselves into effective components of the business community.

"As Arkansas moves from an agrarian economy toward a more industrial one," Basco said, "we are going to have to condition our young people to the new type of atmosphere in which they will be functioning."

And Basco is optimistic about the capabilities shown by budding business leaders throughout the state.

"Arkansas youngsters I have come into contact with seem to have well developed work habits and realize it takes work and effort to get ahead," Basco commented.

The success of the state FBLA chapter is attested by the performance of Charles Pitts, who as a senior at College of the Ozarks in Gettysburg, walked off with the top award in the national "Mr. Business" contest.

Reuther Calls for Action to Work the Idle

ATLANTIC CITY, N.J. (AP)—

Walter P. Reuther, president of the United Automobile Workers Union, called today for more drastic action by the government to end unemployment and to spur the economy.

In his report to the union's 18th constitutional convention, Reuther outlined a list of "new tools for economic progress and full employment."

"While we support the President's program as far as it goes, we do not feel it goes far enough," he said. "We believe the situation calls for a more comprehensive, long-term program than the administration has thus far advanced."

However, he said, President Kennedy "brought a new vitality, intelligence and compassion to the conduct of the federal government."

He urged delegates to work for the election of liberals in this year's off-year elections. And he said the growth of right-wing groups must not be regarded lightly.

Reuther's report was 560 pages long and was presented in three volumes.

"We recognize that the trouble in Washington resides not in the White House but in the Congress. We are aware that the administration has to deal with a Congress more conservative than the last. We know that the GOP-Dixiecrat coalition is still intact and that reactionaries still wield arbitrary power to block legislation as chairmen of key committees," Reuther said.

"We do not discount these factors. We believe, however, that the President has not drawn fully enough on his high credit with the American people. We believe that he can overcome reaction, inertia and obstructionism in the Congress only by going directly to the people in behalf of domestic progress."

Some of the measures Reuther called for are a national planning agency; a flexible work week under the Fair Labor Standards Act; based on the level of unemployment and the demand for labor; negotiations with other countries for international fair labor standards in world trade to prevent unfair competition because of wage rate differences; federal minimum standards for unemployment compensation; authorization for a capital improvements program anytime high unemployment calls for it.

Tax Ruling Is Appealed

LITTLE ROCK (AP)—A Union

Chancery Court ruling that the Revenue Department could not collect \$14,823 in income taxes from the Murphy Corp. of El Dorado for its fiscal year ending May 31, 1960, was appealed to the Arkansas Supreme Court Thursday.

Murphy said it filed a return showing it had no net income taxable in Arkansas. The Revenue Department disagreed, but, according to Murphy, refused to hold a hearing on the matter.

Murphy asked the court to set aside the ruling.

The Revenue Department asked that the suit be dismissed and made no other defense.

Chancellor R. W. Launius ruled in favor of Murphy. The Revenue Department appealed to the Supreme Court last year, and the high court sent the case back on a technicality.

Launius reaffirmed his ruling and his second order was appealed Thursday.

Troops Move to Crush Revolt In Venezuela

By RICHARD G. MASSOCK

CARACAS, Venezuela (AP) — Government troops rolled over light resistance to the edge of Carupano today under orders to crush rebellious marines and military policemen. Loyal warplanes bombed and strafed the coastal city.

President Romulo Betancourt accused the rebels of seeking to set up a Castro-type Communist regime in Venezuela and gave them an ultimatum to surrender by dawn or be destroyed. Two government destroyers steamed into the port of Carupano, 300 miles east of Caracas.

Betancourt predicted the uprising would be quickly crushed and claimed his government was in complete control of the rest of the country.

Loyalist troops moved on Carupano from three directions after the city's 400-man marine garrison and 50 military policemen rebelled and demanded the Betancourt government quit. The rebels reportedly passed out arms to Communist and leftist supporters.

Radio reports from cities near Carupano asserted the rebels attempted to spread the revolt by forcing 3,000 townspeople to demonstrate against the government.

Loyalist marines were airlifted from Caracas to Cumana, about 6 miles west of Carupano, and marched eastward along the coast road. Army units from Ciudad Bolivar and Maturin moved on the rebels from the south and west.

The government forces met no resistance in the small towns of Rio Caribe, about 12 miles east of Carupano, and Cariaco, some 2 miles to the southwest. A fire fight broke out on one road leading into Carupano before government forces seized a rebel roadblock.

Cumana radio reported heavy casualties, but this could not be confirmed.

Government sources linked the Carupano rebels to the Communists and members of the pro-Castro revolutionary left, who have been waging a guerrilla and terrorist campaign against the government in the mountains and hamlets of Venezuela for several months.

The rebels launched their revolt shortly after midnight Thursday, seized the city's radio station and occupied government buildings.

Says Records on Estes Disappearing

By G. MILTON KELLY

WASHINGTON (AP)—Sen. Karl E. Mundt, R-S.D., voiced suspicions today that records are disappearing in an effort to handicap a Senate investigation of Texas financier Billie Sol Estes' relations with the agriculture department.

Mundt is the senior Republican member of the Senate Investigations subcommittee conducting the inquiry. He joined a mounting Republican chorus, including former President Dwight D. Eisenhower, demanding an all-out investigation.

The subcommittee, headed by Sen. John L. McClellan, D-Ark., is looking into charges that Estes profited handsomely from associations with high Agriculture Department officials and others in Washington.

Estes, 37, Pecos, Tex., Democrat who had a spectacular rise to wealth, is under indictment on charges of obtaining millions in mortgages on nonexistent fertilizer storage tanks.

"I have a sneaking feeling that some records are beginning to disappear, and will be hard for the investigators to find," Mundt said. Mundt declined to discuss the basis for his suspicions or to say who he thought might be spitting records out of files.

McClellan has announced only that he had ordered the present preliminary investigation to determine whether the evidence would justify hearings by his subcommittee.

McClellan is reported convinced the evidence will justify public hearings—when he is sure his investigators have the material at hand and ready for use.

He disclosed Thursday another expansion of the investigating staff with the recruitment of four more accountants and investigators to join the half dozen or so already known to be assigned here and Texas, where Estes has his base.

Regardless of the Accent or Nationality the Language of Music Is Universal

By MARY ANITA LASETER

"Let the World Rejoice With Music" will be echoed over America May 6-13, National Music Week.

Music is the language of all people regardless of their nationalities and "middle C" is "middle C" on anybody's scale, regardless of their accents. That is one reason why this international language is one of the greatest forces in creating peace, harmony, and understanding.

President Kennedy has said, "One of the best voices of America is its musical voice. It is a voice of creativity, hope, and optimism which strikes a responsive chord in people the world over. It is my hope that National Music Week will awaken many people to the joys of music—vocal, instrumental, ensemble and individual."

Through the personal efforts of Charles M. Tremaine, National Music Week was founded in 1924 and first observed May 4-10. He outlined the guiding philosophy for this project this way:

Music Week is, to some extent, different from all the other special "weeks." It is a "drive" for music by the friends of music, but it is also the opportunity for participation in and receiving of pleasure. It gathers its momentum as it goes along from the enjoyment it brings.

The spread of Music Week has been due far more to public responsiveness to the idea than to any campaign. Getting people to do something you wish them to do and think they should do is far different from suggesting their doing something they will want to do and which will bring them enjoyment and refreshing recreation. The latter conception is the basis on which Music Week rests and account for its remarkable growth.

In Hope the 13th annual Music Festival will be held tomorrow afternoon at Hope High School beginning at 2 p.m., according to Mrs. B. C. Hyatt, chairman.

Groups from elementary schools, junior and senior high schools will demonstrate their talents. Members of the Friday Music Club will sing "No Man Is An Island" and "Give Me Your Tired, Your Poor."

Tomorrow night at the First Baptist Church the choir will present a cantata, "The Holy City" by Gaul, under the direction of Gilbert Thomas. Possibly other groups will be observing Music Week in some way, also.

For the harmony it creates in living, to demonstrate the pleasures and value of music, to encourage amateur participation in music, and to increase musical knowledge through study, we celebrate National Music Week by helping "Let the World Rejoice With Music."

Young Goldwater May Join Corps

PHOENIX, Ariz. (AP)—Barry

Goldwater Jr., 23, son of the Republican senator, says he is thinking about joining the U.S. Peace Corps.

"Joining the Peace Corps would give me the satisfaction of doing something for someone else," said young Goldwater Thursday.

Goldwater, who graduates from Arizona State University in June with a major in business administration, said he had discussed the idea with his father during the last Christmas vacation.

Farm Prices Are Higher, Report Shows

LITTLE ROCK (AP) — The

index of prices received by Arkansas farmers in mid-April was three per cent higher than a year earlier, the Crop Reporting Service said today.

The crop index rose more than six per cent during the month, mainly due to higher prices of cotton and soybeans. The index of livestock and livestock products declined more than three per cent, the service said, due largely to lower prices of milk, poultry and eggs.

The service said reduced prices of calves and hogs also lowered the meat animal index about one per cent.

The United States index of prices received by farmers fell nearly one per cent to 242 per cent of its 1910-14 average, the Crop Reporting Board said.

It said the most important declines were reported for milk, oranges, lettuce, hogs, eggs and chickens. Partially offsetting were increases for cotton, apples, corn and wheat. At mid-April, the index was one per cent above a year ago.

With prices paid up slightly and farm product prices down in March, the parity ratio declined one per cent to 79, the same as a year ago.

\$50 Million Empire Folds on Billie Sol

By ROBERT E. FORD

DALLAS, Tex. (AP)—Billie Sol Estes said last year he was worth \$50 million. Today his financial empire has collapsed and criminal and civil charges mount.

National finance companies, the federal government and plain dirt farmers in Texas are trying to recover from a series of jolts handed them by the 37-year-old man who gained the title of "boy wonder of West Texas agriculture."

Investigations continue along four general lines—his dealings as the world's greatest distributor of anhydrous ammonia fertilizer and tanks for the substance, cotton allotments on lands he controlled, his relationship with Department of Agriculture and other federal officials, and his vast grain storage operations.

A congressional investigation is under way. A federal grand jury already has indicted him for fraud. Eight criminal indictments for felonious theft have been returned against him by a grand jury in his hometown of Pecos, Tex. Another grand jury at Amarillo, Tex., is expected to receive new evidence soon. Scores have filed suits totaling millions, some trying to obtain money from Estes, others trying to void contracts with him.

His entire financial affairs are in the hands of a receiver who is being required to post bond of \$10 million.

The Estes empire began wobbling when a group of lending companies called him to a secret meeting in Dallas. His empire crashed three days later when he was jailed under federal fraud charges. Lending companies claimed he bilked them of \$24 million. Estes himself said he owed \$32 million and had assets of \$20 million.

Estes, a Church of Christ elder and minister, has issued no defense. He has simply remained silent on the basic issues of the case.

The man who says he grew up in moderate circumstances on a Texas farm and made his first million before he was 30, took the original blows cheerfully.

"I've felt better in the last week than I have in the last 10 years," he said.

Davy Crockett Atomic Mortar Is Now Ready

WASHINGTON (AP) — The

Army's Davy Crockett—an atomic mortar for front-line troops—finally is in the hands of American forces.

The Defense Department, confirming this for the first time, declined to say where the Crockett has been assigned.

But indications are the first of the weapons probably has been given to Army forces deployed in West Germany, facing 22 Russian divisions in Communist East Germany.

Sources said each of the five U.S. infantry divisions in Germany likely would mount about 15 of the Crocketts, which can hurl a warhead about six miles. The weapon's nuclear warhead carries the blast power of some what less than 1,000 tons of TNT.

When the Crockett was unveiled two years ago it was said by the Army to "dwarf in firepower anything we have ever known in the immediate area of the battle line."

When the Army's divisions are reorganized, the plan calls for a Davy Crockett mortar platoon in each battalion, with three weapons to a platoon. A division of 16 battalions—the maximum—would have 48 atomic mortars.

Army specialists said the Crockett, operated by two- and three-man teams, would be aimed to blast enemy pillboxes, bunkers, troop masses, artillery positions, tank concentrations, command posts, supply dumps and communications.

It can chew up any of these within 200 to 500 yards of its burst. Official confirmation that the atomic mortar has been given to the troops came amid reports that President Kennedy will reduce the production of nuclear warheads, chiefly because the United States already has a huge stockpile.

The defense department neither confirmed nor denied the reports.

The President's reported decision was said to have been prompted in part by a feeling within the administration that the spread of nuclear weapons in the U.S. military makes it tougher to control them and increases the chance of accidental or unauthorized firing.

Some officials, feeling the reported cutback may hit the Army hardest, disputed the idea that there might be loss military control of nuclear weapons.

"I WANT TO MEET YOU BEFORE ILLNESS OR ACCIDENT STRIKES!"

I'm

H. D. WARD

your trained Mutual of Omaha representative... ready to serve your health insurance needs!

"Neighbor, I have some startling facts for you about how you can make sure you can protect your income when you are unable to work because of a disabling illness or accident provided for by your policy. There's a new plan called 'Super Paycheck Protection' that includes the broadest coverage possible at a sensible, low cost. It provides up to \$250.00 a month for every month you are unable to work... even for the rest of your life!"

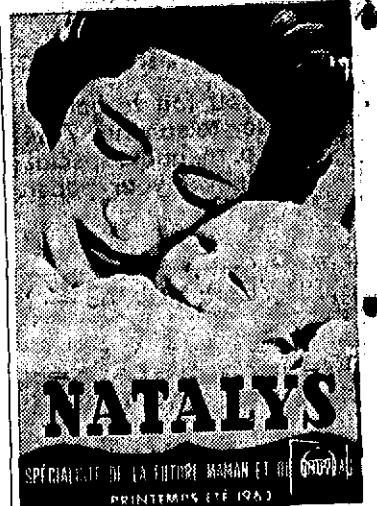

"Just call me at the number shown below or write a post card. You'll get all the facts about cost and coverage without obligation!"

H. D. WARD

ROYAL AD—Portrait of Britain's Princess Margaret and baby, Viscount Linley, appears on cover page of a new catalog for Nataly's, a Paris firm specializing in maternity and baby clothes. The Princess' husband, the Earl of Snowdon, was reported to be irate over publication of the photo which he himself took.

LADIES' BOWLER—Miss Storm Manning sports a jaunty spring derby at New York's Aqueduct Raceway.

When to Fish or Hunt Solunar Tables

By John Alden Knight

The schedule of Solunar period as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The Major periods are shown in bold face type. These begin at the time shown and last for an hour and a half or two hours thereafter. The minor periods, shown in regular type, are of somewhat shorter duration.

Rules for Dry Cleaning Machines

LITTLE ROCK (AP)—The state Board of Health has adopted a new set of regulations controlling the operation of coin-operated dry cleaning establishments, and they probably will be in operation by next weekend.

The regulations concern installation of safety devices and adequate ventilation to carry off toxic fumes from dry cleaning fluids. Dr. J. T. Herron, state health officer, said 15 manufacturers of dry cleaning equipment and operators of establishments met with the board Tuesday and assured that there is no danger of explosion and that fluids used are not toxic.

The do-it-yourself dry cleaning firms have begun operation in several of the state's larger cities, including Little Rock, Fort Smith and El Dorado.

Stuttgart Man Named to Commission

LITTLE ROCK (AP)—Gov. Orval E. Faubus said today Wayne Hampton of Stuttgart has been nominated to replace Harry Parkin of Little Rock on the state Highway Commission.

The commission will name Parkin's successor at a special meeting next Tuesday.

Faubus said election of Hampton was not assured. "Other names may be submitted, Faubus said. "The choice is the commission's."

Faubus allowed a 31-day period, in which he could have appointed the commissioner, to elapse. He then notified the commission that it should make the appointment under the constitution.

"This sets a precedent for maintaining independence of the Highway Commission," Faubus said.

The governor said he would not try to influence the commission's choice. "Whoever they pick is all right," he said. "If I didn't feel that way, I would have appointed the man myself."

Parkin resigned March 30 so his printing firm could submit new bids on state printing contracts which he lost because he was a commissioner.

Says Kennedy Creating a Bandwagon

CHICAGO (AP)—The Kennedy administration was accused Wednesday of trying to create a bandwagon in favor of the King-Anderson medical care for the aged bill.

Dr. Leonard W. Larson of Birmingham, N.D., president of the American Medical Association, said he felt that the meeting Tuesday with AMA leaders in the White House with President Kennedy could have been a part of the bandwagon.

"I'm not one to incriminate anyone, but then maybe I'm being naive," he said.

Larson said Kennedy said at the 60 minute meeting he favored the King-Anderson plan for medical care for the aged under Social Security. The AMA head said the medical leaders told Kennedy they were strong in support of the Kerr-Mills bill.

Larson said Kennedy told the meeting "I don't expect to change your minds and I'm sure you can't change ours." Larson said nothing more was said to persuade anyone to change his mind.

Legislation sponsored by Sen. Clinton P. Anderson D-N.M. and Rep. Cecil R. King D-Calif., embraces the administration's plan to finance medical care for those over 65 through increase Social Security taxes.

A bill by Sen. Robert S. Kerr, D-Okla., and Rep. Wilbur D. Mills, D-Ark., which was enacted previously, provides for federal government matching of state funds for medical care of those who pass a needs test.

Fishing Around Arkansas Lakes

LITTLE ROCK (AP)—Here is the fishing forecast from the Arkansas Game and Fish Commission:

Lake Maumelle: Clear and normal. Bass good on artificial worms and minnows; crappie good on deep running white and yellow jigs and live minnows.

Lake Conway: Water level six-tenths of a foot above normal, and clear. Bass and crappie fair to good on minnows; bream excellent on crickets, worms, and excellent early and late on popping bugs.

Lake Hamilton: Clear and normal. All fishing very good on all baits.

Lake Catherine: Clear and in good condition. Bass fair on artificial bait; crappie fair on minnows.

Lake Greason: Clear and normal. Largemouth black bass fair on minnows and artificial bait.

Lake Norfolk: Crappie good on live minnows.

Bull Shoals Lake: Clear and normal. Bass good on minnows, crawfish, jigs, eels, twin spins and top water baits; crappie good on minnows, doll flies, jigs and eels.

Board Sees Scale Model of Bldg.

LITTLE ROCK (AP)—Members of the state Hospital Board of Control saw a scale model of their \$6 million administration building today and approved preliminary plans for its construction.

Clearing of a site on the hospital grounds has been under way for some time.

The building is a series of six treatment centers tied to an administration area. Each of the treatment centers has beds for 72 patients.

Dr. George Jackson, hospital superintendent, told the board the treatment center arrangement would permit installing a patient in the area where he will be treated and keeping him there for his entire stay at the hospital.

Jackson said under the present system, a patient has to be moved about the hospital for various phases of treatment.

Jackson said architects for the building studied many modern hospital plans and took what they considered was best from each one.

Money to pay for the building was appropriated by the 1961 legislature as part of a \$23 million state construction program.

Bobcats Close Track Season At Camden

By VINCE FOSTER

The Hope track teams close their season today with the district meet at Camden. This has been a very successful and progressive year as several school records have been broken. Even though, these records are not too impressive compared with other AAA teams. Yet with a track field Hope would rank along with Camden and Crossett, the top AA powers in the state.

The following are new school records:

880 run — Jack Russell, 2:08.0 (old record held by Joe Duke of 1961.)

1 mile run — Bill Compton, 4:53.6

180 yard hurdles — Roy Wray 23.2

Pole Vault — Larry Thrash and John Hughes, 9'6"

Shot Put — Kendall Yocum, 42'

880 relay — Jabo Horton, Richard McDowell, Bill Aldridge and Maurice Sullivan, 1:37.7

1 mile relay — Jabo Horton, Bill Compton, Maurice Sullivan and Roy Wray, 3:45.7

Bill Compton is the only member of the senior squad who will not be returning next year. All of these records are modern, and some of the older ex-Bobcats may remember records better than these, because the records in the files only date back to 1950.

Also of interest is a new club sponsored by the Arkansas Athletic Assn.—The 100 Mile Club. The goal for membership is to run 100 miles in a certain length of time. It gives all boys a chance to take part in some sports. When a boy finished 100 miles, he is awarded a certificate signed by Johnny Burnett, Executive Secretary of the AAA and by Coaches Faulkner and Pierce.

Sophomore George Jones, member of the senior track team, has run over 300 miles and plans to complete 500 miles before school starts next fall. George is the first member of the club from Hope High School.

The following boys have run 100 miles or more since September and are listed with their grades:

1. Monroe Pardue — 8

2. Bill Coffee — 8

3. Gordon Bolar — 8

4. Tommy Cox — 8

5. Kenny McMurrough — 8

6. John Duke — 8

7. George Jones — 10

8. Dennis Turner — 7

9. Paul Randolph — 10

10. Tommy Parris — 10

11. Fred O. Ellis — 7

12. David Jones — 7

13. Allen Motts — 7

14. Gene Thompson — 8

15. James Lawrence — 8

16. Virgil McNatt — 9

17. Mike Westbrook — 7

Johnson said the freights usually contain 100 to 120 cars. The last southbound run on the old route was scheduled for today, he said, and the last northbound run for Friday. The trains have been running once in each direction daily.

The train originates in Dupo, Ill., and has been branching off at Dexter to go down the eastern side of Arkansas, almost along state Highway 1. Now it will almost follow U.S. Highway 7.

Johnson said Paragould and other cities on the route still would have what he called "local" freight service.

The Cotton Belt Railroad also serves Paragould.

The Stewards and Trustees of BeBe Memorial CME Church will sponsor a weiner roast at the home of Mrs. Iola Lee Muldrew Saturday, May 5. For free delivery call PR 7-3674 or PR 7-3449.

James F. Williams, Spiritual Singer of Magnolia will appear at the New Bethel Baptist Church 4 1/2 miles south of Hope, Sunday, May 6 at 7:30 p.m.

Tuesday and Wednesday, May 8, and 9 will be registration day for all children who will be attending school for the first time this September. The law requires that the child must be 6 years old on or before Oct. 1, 1962 and that a birth certificate should be presented as proof of the child's age.

Parents should apply now for the child's birth certificate. If you wait until August to apply for it, your child will be kept out of school until it comes. You should also see the County Nurse and have the health record completed. Register your child at Fulton, Hopewell, or Shover Street School.

Negro 'Riders' Finding Jobs

LOS ANGELES (AP)—Sixteen Negroes whose train fare west was paid by a New Orleans segregationist group are finding homes and jobs in Los Angeles.

The men in the group have found jobs at starting pay higher than they made in Louisiana. Officials of the Urban League and the Travelers Aid Society said Thursday.

The Los Angeles Negro community helped locate homes for the newcomers, whose train fare here was provided by the Greater New Orleans Citizens Council.

The Negroes arrived here Wednesday night.

LIGHT OF THE WORLD

Is The Lord Our God

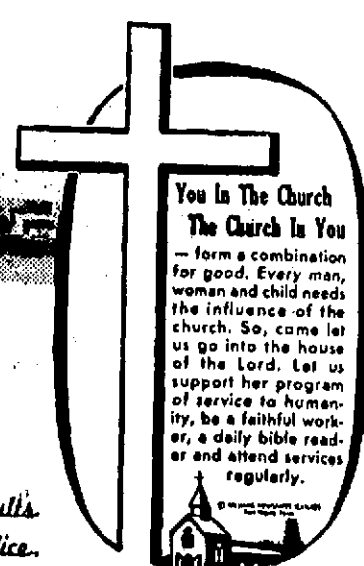

Christian Home Week

Observe this Sunday as *Christian Home Service Day*. Let us aid our Laymen's Organization in applying Christianity to the Solution of Human Problems. Help remedy the tragedy of *Adult Delinquency*—the greatest reason for *Juvenile Delinquency*. The failure of parents has resulted in wrecking millions of young lives. Then Mr. and Mrs. — be sure your failure does not cost you and God the soul of your child.

Wake up! Get right! Make a move in the direction of the church and take your teen-agers with you! Just remember, *the Church is the strongest dyke against evil. The Church is the greatest foe of the penitentiary. The Church is mighty important, because Christ died for it.*

How can anyone afford NOT to support it — NOT to attend it — NOT to help propagate its teachings? Take your youngsters to church this *Christian Home Week*.

Spiritual Values take on a very different meaning with us adults once our juveniles become involved in the dope-menace or get in trouble with the police.
